# Benefits of Investing in **UAE**

Dubai is the jewel of the United Arab Emirates (UAE). Revered for its luxury living and tourism, the city has now become a global real estate hotspot. The iconic skyline has become every real estate investor's dream. Besides having a potential for substantial returns, here's what makes the vibrant, cosmopolitan hub exceptionally attractive for investment:

## Return on Investment

Our inventory boasts of high-end luxury villas, service apartments, estate properties, villas, condos, custom-build houses and commercial office space. Every property has been handpicked keeping in mind the myriad requirements of our discerning clients and after conducting extensive market research.

## Golden Visa

To boost Dubai's economic and investment profile, the "golden visa" was introduced in 2019. It is an added incentive for investors. It can be secured by purchasing a property in Dubai or an off-plan deal worth at least AED 2 million. Investors, entrepreneurs, researchers and those with specialised talent can apply for the golden visa. With this long-term residence visa, foreigners can live, study and work in the UAE while enjoying exclusive benefits. The visa can be renewed after its 10-year expiration period.

## Safest Country

Safety, stability and security are three reasons why the UAE is the most sought-after investment destination. The robust security measures ensure the well-being of the residents and foster a secure atmosphere for business as well as investors. Among the world's safest cities, Dubai is always ranked in the top 10. Investors can be rest assured that their investments are safeguarded here.

## Tax-free Investment

A major reason why foreigners are looking to invest in Dubai's real estate market is because of the tax-free environment. It is the only Emirate where property tax is not levied. The only tax levied is property transfer tax which is calculated at 4% of the overall property tax. Those with the golden visa only need to pay half of the transfer fee that is 2% when they're selling their property.
